### A TRAGIC FINISH.

A watchman's neglect permitted a leak in the great North Sea dyke which a child's finger could have stopped to become a ruinous break devastating an entire province of Holland. In like manner Kenneth McIver, of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation caused by a neglected cold; but Dr. King's New Discovery saved my life." ### SENATOR MCCREARY ANNOUNCES HIS CANDIDACY.

To the Democrats of Kentucky:  
I have in various newspaper interviews declared my candidacy for United States Senator, and I now, over my own signature, submit to you my candidacy for the nomination as United States Senator according to the plan announced by the Democratic Executive Committee of Kentucky.

For the honor conferred upon me in 1902 when I was elected United States Senator, I am sincerely grateful. I have tried to be faithful and efficient, and the manner in which I have discharged my official duties I leave to the unprejudiced judgment of the people of Kentucky.

I have always been in favor of primary elections fairly and legally held, and I have always been opposed to bossism or machine rule. When I was first a candidate for United States Senator the other candidates and myself agreed to a primary election to be held two months before the election of United States Senator by the General Assembly, but the State Democratic Committee did not deem it for the best interests of the democratic party, and refused to order a primary election. The proposed primary election is ordered to be held many months earlier than any primary election to nominate either State officers or United States Senator was ever held in Kentucky, or in any other State. For many years primaries or conventions in our State to nominate candidates for State offices have been held in May or June of the year in which the candidates nominated were to be voted for at the November election, and it has been heretofore believed that said primaries should not occur when Presidential or Congressional elections are held, so that National and State issues would be separated.

The primary election ordered to be held on the 6th day of next November will occur on the regular election day when Representatives in Congress will be elected, and this primary election was called eighteen months before the election of a United States Senator by the General Assembly, and two years and eight months before the Senator elected can take his seat in the United States Senate, and candidates for State offices will be nominated twelve months before they can be elected, and the call for a primary to nominate them so early is in violation of the rule adopted by the democrats at the last State Convention in 1904. The success of the Democratic party should be paramount to the success of any individual, and the governing authorities of the Democratic party should act for the benefit of the whole Democratic party and not for the benefit of a few democrats.

The outlook for democratic victory in the next national election is brighter than it has been in years, and becoming more favorable every day. Kentucky democrats must give no heed to "rule or ruin" policies, but uphold wise and just policies that will keep Kentucky in the democratic column with an increased democratic majority.

I have perfect confidence in the democrats of Kentucky, and I willingly and gladly submit to their judgment and their action my aspiration for a second term in the United States Senate.

I have always been a faithful loyal democrat, and I have worked and made speeches in every campaign in our state for thirty years, and I have always when in office given all of my time to the faithful discharge of my duties, and when our state had been republican several years, and I was requested by the democratic authorities to take charge of the campaign in 1900, I managed the campaign, visited many counties in the State, and organized and made many speeches, and with the aid of my brother democrats we redeemed the State from republican rule and gave a majority to our candidate for Governor and our candidate for President.

MODEST CLAIMS OBTAIN CARRY THE MOST CONVICTION.

When Maxim the famous gun inventor placed his gun before a committee of judges he stated its carrying power to be much below what he felt sure it would accomplish. The result of the trial was a surprise instead of a disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish but prefer to let the users make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by Chas. C. Davis the leading druggist Mt. Vernon.

Our Ladies' Shoes.

THE death of a friend, Hon. Richard B. Richmond, was a shocking. Paraphrasing a philanthropic head and eloquent tongue. Central University was superbly equipped and training for the man's benefactor. Reason where the blue above a fertile soil; and as the shadows of evening lengthening toward the West, he laid down the burdens of life and fell into a sleep that kisses down the eyelids still. Between his blessed coming and his sad and untimely going flowed a life current illuminated by splendid and various achievements, never pausing in nor turning out of its course; a prose poem within himself; a strong and convincing advocate of right; a legal luminary; "a genuine patron of art; a constant friend of genius." To use the beautiful thoughts of "Dick" Miller, gowned in such classic words and so beautifully and easily spoken went directly from the ear to the heart like echoes from a world of beauty and enchantment, and whispered to us somehow, of song and blossom whose very shadows were fragrant and seductive. In the last session of the Legislature he was recognized as a worthy, fearless and capable leader, always battling for the common folk, the sunburnt laborers and horny-handed sons of toil. It was a sweet and touching scene when he bade his comrades of the House farewell to take up his march to broader and greater fields of activity and usefulness. Only three weeks ago he announced himself a candidate for the Democratic nomination for Congress from this

straining every nerve every energy to prize. He was that ambition and all consumed to benefit humanity; to country by laboring for watching the people. Such ambition will be appreciated and his labors were ripened to a rich fruition. But he has filed his last demurrer, he has argued his last case and delivered his last oration, for he has gone to the Court of last resort; that Court above the sky, beyond the great blue dome of Heaven where the earthy sons of man are judged for the deeds done here below. Had we the power we would gladly call him back, breathe the breath of life into his pulseless form and start again the wheels of his intellectual loom. But he is gone! Tenderly and lovingly they laid him to rest in a quiet spot, where the violets of which he so often eloquently spoke and the meadow grass green and fresh, will come and grow above him; where the stars which he made into a thousand beautiful images will shine by night; where the quiet sky into which he liked to look when his thought on golden wings were taking their grandest flights, will tenderly watch where his friends and neighbors placed him in the beautiful city of the dead. His people will speak of him with reverence when the name and memory of others will have long since been forgotten. The man is dead, but "Dick" Miller will live for many, many years yet unborn. May the Arch Angels of God guard his resting place while he peacefully sleeps.

## LYNCHBURG'S BIG DAY.

The Clark Circus gave two performances yesterday, out on the ball ground, and at the evening performance actually turned people away. This is a clean cut and meritorious circus, and they well deserved the immense crowds that thronged their mammoth tents. They gave a glittering golden street parade at noon, three quarters of a mile long and composed of dazzling cars, chariots, open animal dens, pretty girls mounted on beautiful horses, a large military band mounted on handsome Arabian stallions and a wonderful chimes wagon that emits strange and soulful music. A herd of monster elephants, camels, llamas etc., brought up the rear. The young people and the country folk enjoyed the processionary marvel hugely, their enthusiastic verdict was "great!"

The performances were excellent and each and every act was greeted with genuine and unstinted applause. This show carries an unusually large collection of animals and the features of their large menagerie were the baby lions, the leopards and a herd of five elephants. Two of this herd were a sight that the people of Lynchburg and vicinity never before before beheld viz: the largest and smallest elephants on earth.

The big elephant "Kentucky" is a monster indeed, and the average spectator stood and gazed in awe at his mammoth bulk. He is larger and heavier than Barnum's famous Jumbo, weighing over seven tons.

The baby elephant, Colonel, is an offspring of Kentucky and is but six weeks old and weighs only 180 pounds. Colonel at once became the pet of the large crowd. The other four elephants stand and gaze jealously and sullenly at the attentions showered upon the midget elephant. As a whole it was the greatest circus that Lynchburg has had in years, and now we can go back to the fields and factories until circus day comes round again.—Lynchburg Falcon.

## RENT PAYS FOR THE LAND.

FERTILE SECTIONS OF THE SOUTHWEST, WHERE LAND SELLS FOR \$15 AND RENTS FOR \$5 PER ACRE.

One of the remarkable things about Eastern Arkansas and Northern Louisiana is the fact that cleared land rents for \$5 per acre cash and can be bought for \$7.50 per acre. It costs \$6 to \$10 an acre to clear it. Other improvements are slight and inexpensive.

The soil is rich alluvial, or made. It produces a bale of cotton per acre, worth \$45 to \$60. This accounts for its high rental value. Other crops such as corn small grains, grasses, vegetables and fruits thrive as well.

Alfalfa yields 4 to 6 cuttings, a ton a cutting, and brings \$10 to \$15 per ton.

In other sections of these states, and in Texas as well, the rolling or hill land is especially adapted to stock raising and fruit growing. Land is very cheap, \$5 to \$10; improved farms \$10, \$15 to \$25 per acre.

The new White River country offers many opportunities for settlers. High, rolling, fine water—this is naturally adapted to stock and fruit raising. Can be bought as low as \$3 per acre.

See this great country for yourself and pick out a location. Descriptive literature, with maps, free on request.
